## Dr. Konstantin Frank Late Harvest Chardonnay 2013

*New York's most award-winning winery since 1962*

### Winery Background

*Dr. Konstantin Frank ignited the "Vinifera Revolution", a movement that forever changed the course of wine growing in the Finger Lakes and the United States. Dr. Frank's vision, knowledge and determination are credited with elevating the New York wine industry from a state of happy mediocrity to a level that today commands world attention. Located on Keuka lake in the Finger Lakes region, Dr. Konstantin Frank Wines features some of the oldest vinifera vines in the United States and continues to produce wines of distinction and quality.*

### Vinification

The grapes were picked months later than the regular Chardonnay grapes to concentrate the sugars in the berries. Fermentation was arrested before dryness, obtaining a dessert wine with a high residual sugar content without losing the delicate varietal characters.

### The Wine
