

**91 Points**

**Dr. Frank 2013 Cabernet Franc**

The 2013 Cabernet Franc was aged for 18 months in a mixture of European and American oak. Spicy, juicy and lifted, this fresh and exuberant Cab Franc isn't particularly deep or sweet--the Finger Lakes doesn't tend to make big, fat monsters--but it is classic and delicious, the finish laced with green olives. Tight on the end, this is a powerful red that is unevolved and built to age. It still is not showing all it has. While it will always be on the leaner side, its silky texture, fine structure and classic finish make it an age-worthy winner. Give it a few years more in the cellar if you can.
